Anti-Doping Education

ON-LINE ANTI-DOPING EDUCATIONAL MATERIAL

Dear FMN & CONU Colleagues,

We refer to the previous CMI Bulletin of 27 November which informed you that the on-line licence application platform has been updated to reflect the requirement for the completion of an anti-doping education program.

In this bulletin we provided a number of options for licence applicants to satisfy these requirements. We also included an updated version of the Rider Consent Form which must also be completed as has been the case for many years.

Following the meeting of the FIM Board on Friday 29th November 2019 in Monaco, we have been requested to advise Federations regarding potential sources of Anti-Doping educational material in relation to option N°3 on the on-line licence application platform:

3. The FMN issuing the rider's licence has provided the applicant with anti-doping educational material from a NADO, WADA or the FIM.

As stated in the previous bulletin this educational material is available from a range of sources such as WADA: <https://www.wada-ama.org/en/what-we-do/education-prevention>.

[HTTPS://ADEL.WADA-AMA.ORG](https://adel.wada-ama.org)
Start the ALPHA Athlete learning program about Health and Anti-Doping

The FIM website "Ride True":

<http://www.fim-live.com/en/fim/the-commissions/medical-anti-doping/ride-true/>

or **National Anti-Doping Organisations (NADOs)** for example: AFLD (France), USADA (USA), UKAD (UK), ASADA (Australia), JADA (Japan), CONI (Italy), AEPSAD (Spain), NADA (Germany), etc.

A full list of NADOs and links to them can be found at: <https://www.wada-ama.org/en/code-signatories#GovernmentFundedOrganizations>

For countries that do not have a NADO, they can refer to their **Regional Anti-Doping Organisation (RADO)**.

A full list of RADOs and links to them can be found at: <https://www.wada-ama.org/en/who-we-are/anti-doping-community/regional-anti-doping-organizations-rado>

In the interest of clarity the FMN that issues the riders' licence can provide them with hard copies or electronic copies of the educational material or direct them to the links to the material such as those above.

We hope that this is helpful but should you need any further information, please do not hesitate to contact us.

Dr David McManus
FIM Medical Director
