

## PRE-APPROVED ROLL OVER PROTECTION CERTIFICATE

**\*Do not use this form with Certified or Homologated Safety Cage Structures to FIA Appendix J technical regulations.**

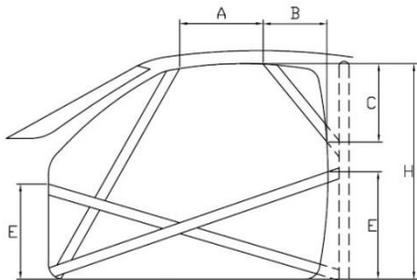

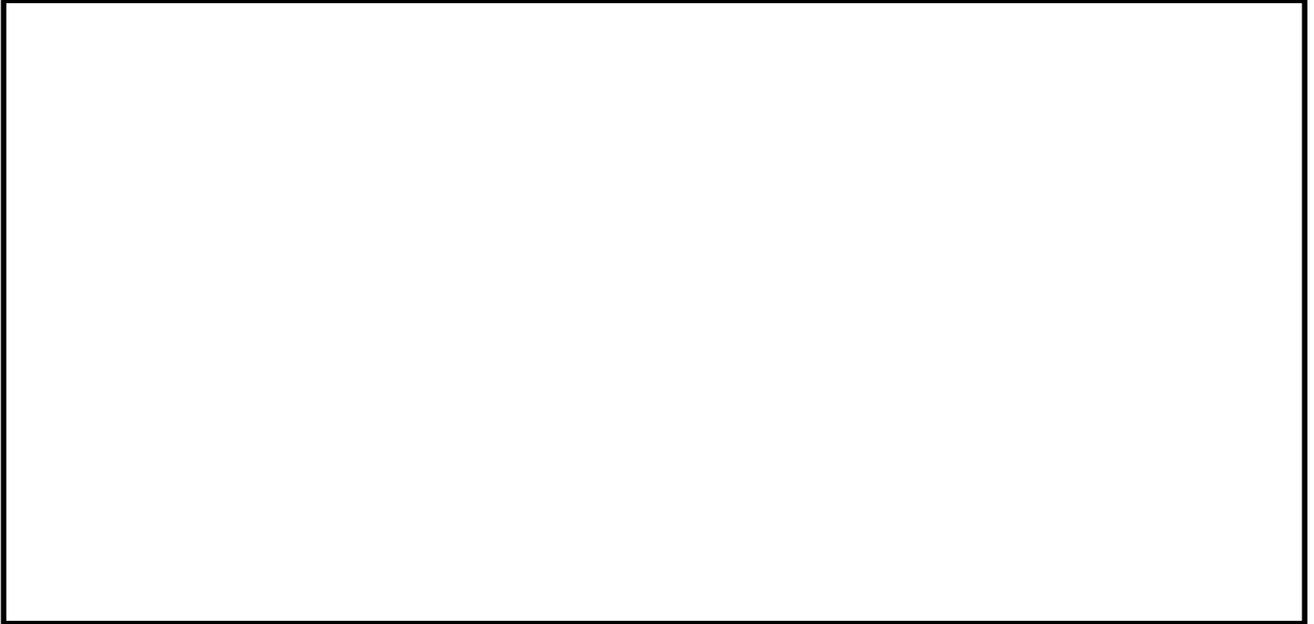

Roll Over Protection Details	
Date of Installation	
Serial # on ROP	

Component	Main Hoop	Backstay	Diagonal/s	Front Leg
Steel Type				
Outside Diameter				
Wall Thickness				
Method of attachment to Vehicle				

List details of structure and drawing on next page --- Show the position of all tubes with the basic structure below. For clarity, it is only necessary to show side intrusion bars and braces on one side if the design is symmetrical. The position of and type of dismantable joints should be clearly identifiable. (i.e. circled)

(Insert drawing of Safety Cage)

A =	—	mm	B =	—	mm
C =	—	mm	E =	—	mm
H =	—	mm	(E is highest figure only)
