

## EMSO SUSTAINABILITY POLICY

Emirates Motorsports Organization (EMSO) is playing a leadership role in development of motorsport and encouraging motor sport stakeholders across UAE to incorporate best practices of sustainability framework by pursuing a holistic approach to environmental concerns.

EMSO strives to adhere to the Best Practice Principles (BPP) framework of FIA by setting up core elements of its environmental impact and incorporating systematic approach to Environmental Management System (EMS).

Automobile and Touring Club for United Arab Emirates (ATCUAE) is the mobility division of the Emirates Motorsports Organization (EMSO) and complies to the same Sustainability Policy.

EMSO commitment is defined as follows:

1. **Collaborate with stakeholders** — including venues, organizers, sport clubs, and competitors — to promote and guide the adoption of best environmental practices.
2. **Work with government entities** and ensure compliance with national and international environmental legislation and requirements.
3. **Inspire sustainable actions** among motorsport stakeholders throughout the UAE.
4. **Support global initiatives**, including FIA's *Action for Environment* and FIM's *Ride Green* programs.
5. **Continuously improve** sustainability performance in line with the FIA BPP framework.
6. **Raise awareness** among senior management, staff, and volunteers on environmental issues and responsibilities.
7. **Minimize environmental impact** by conserving water, managing waste responsibly, and promoting energy-efficient solutions.
8. **Conduct annual EMS reviews** to assess and enhance environmental goals and targets.
